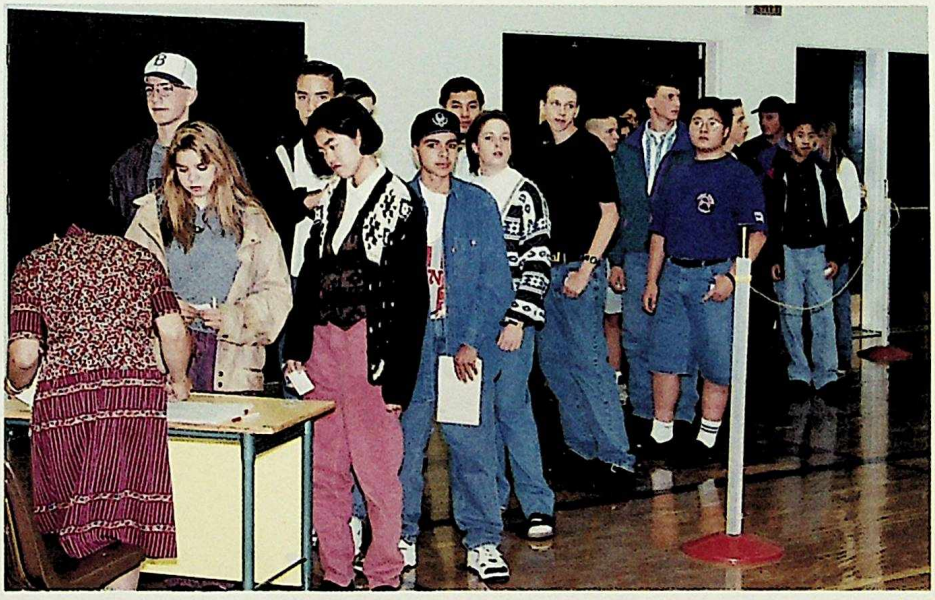
Welcome to Tiger Bytes

This year the yearbook committee has chosen the theme " Tiger Bytes" to emphasise the fact that the yearbook has been produced electronically through the means of computerized desktop publishing. This production method is a major change from the old paper and glue layouts used in past years. With the computerized information age having a great affect on today's society, it seemed only appropiate that the information about the students and staff at McNally be gathered and placed in our book electronically. The success of our pep rallies, our teams, our school music program, our clubs, and our academic achievements have all been recorded by computer. We on the yearbook invite you to review this gathering of information by enjoying the following pages which mark our notable achievements.



HOORAY! We get to come back to school.

COMPUTER BYTES AND THEIR ACTIVITIES

Student Union Council

The 1993 - 1994 McNally Students Union was full of energy and enthusiasm. Many of the activities that were planned were a great success. Under the direction of Mrs. Maloney-Savage, and the students union council a number of fun filled activities took place during the school year. These activities included the Welcome Week with a special "Getting To Know You Day. Tiger Pride Week,and Halloween activities with the ever popular Pumkin Carving Contest. Pictures with Santa, and fireworks and a toast to help celebrate the arrival of 1994. Valentine Candy Grams, Western Days, with a casino and Mechanical Bull, Splasharama, and many Pep Rallies featuring various school teams and clubs.

Intramural Council

Intramural Council has had a very successful year. Lunch hour activities included Co-Ed volleyball, 3 on 3 Basketball, Indoor Co-Ed Soccer, team handball, and inter-class wrestling. The members of intramural council also assisted with many of the student union activities.

McNally Remembers

On November 10, 1993 all students and staff assembled in the gym to honor the persons who served in Canada's Military during the World Wars.

During the ceremony McNally's citizens heard about courage and the history of Remembrance Day and the poppy.

A slide /music presentation depicting the ravages of war and the sacrifices of those who served, was also included. Because of the participation of students and staff during the ceremony this is one event which will always be remembered. **" PRO PATRIUM DIEM".**

Pep Rallies

At several times throughout the year students and staff who have excelled in either athletic or academic areas are honored at Pep Rallies.

This year's Pep Rallies have been some of best due to the fine work of McNally's Student Council. All of the students who attended were entertained and energized by these fun filled events.

To further illustrate why the Pep Rallies werre sooooo popular, read and look about these pages.....

The band played; the choir sang, and everyone joined in. Santa made his grand entrance with a candy cane for all the girls and boys who had been good. The food was cooked with tender loving care.

Some people got a surprise if they were lucky enough to win a beautiful door prize.

The delicious breakfast was cooked by many McNally staff and Mrs. Jeske and her assistants from Versa Foods. Breakfast was served by special guest celebrities including: Bill Matheson, Tara Nelson, and Chris Durham from ITV; CFRN's Weatherman, John Berry, Edmonton Eskimo, Michel Bourgeau; Skyhawks, Craig Pruishank. Seconds, thirds, fourths, and even fifths were eaten by all who came. After breakfast it was out the door to class.

YEAH ! RIGHT ! This charity event made it feel like Christmas had come at last!!

The Grad Committee was pleased to share their good fortune with the following community organizations: Salvation Army, Bissell Centre, and the Boys & Girls Club of Edmonton.

Thanks to all of you who attended our breakfast! Without everyone's continued support special events such as the Christmas Pancake breakfast which affords the opportunity to share and extend a helping hand to the community would not be possible.

HIKING CLUB

It doesn't get any better than seeing the world from the top . . . . of a mountain that is! And the HIKING CLUB did that three times this year--up on Cory Pass and on the trail to Arnica Lake, (both in Banff), and on Mt. Kidd in Kananaskis Park and at Cadomin Caves near Hinton. At the caves we went underground for four exciting hours of spelunking. Under the able and creative direction of Mr. Johnson and Mr. Burns, this club numbered over 50 hardy members. There were always a few blisters and tired legs, but the awesome views, the camaraderie, the new friendships, the bus trips, and the unforgettable broomball game made this club the place where it was all happening this year.

New York! New York!

From October 16 to October 23, Mr. Farrar and Miss Dezse accompanied nine hyper, curious girls (Sue Fuller, Sandy Schwabe, Maureen Matthews, Marnie Alton, Kristina Maquire, Florie Beeler, Sarah Elmeligi, Emily Gordon, and Ingrid Kristensen) to New York (place we have always wanted to visit but thought we'd never have the chance). We were there for seven days and from the minute we stepped off the plane, it became obvious that we were in the Big Apple. The city was full of life and each day was filled with an endless number of things to do. Of course we did all of the touristy things such as going to the top of the Empire State Building, singing New York, New York at the top of the Statue of Liberty, going to "beautiful" Washington Square and touring Harlem. We walked everywhere it seemed, but that was O.K. because the shops along the way were absolutely fabulous!

These jam packed days only led into thrilling evenings. Some of us were fortunate enough to go to an NBA game featuring the Knicks vs. the Suns. On the other nights we went to the Broadway production of "Miss Saigon" and "Kiss of the Spider Woman" which of course were fabulous, darling, fabulous! We also went to the Opera and saw a live taping of Late Night With Conan O'Brien. We raided "The Hard Rock Cafe" and "Planet Hollywood", the waiter in the latter, I'm sure, won't forget us. We shopped until we dropped - literally!

Some of the famous faces we saw were: Bill Cosby, Charles Barkley, A.C. Green and Donald Trump.

Don't get me wrong, we did do some educational things such as touring the United Nations, NY Stock Exchange, Metropolitan Museum of Art and Lincoln Center. All of which were amazing, just like the rest of the trip.

When we left, it was much too soon, and I am sure we will all be back first chance we get.

Thank you Big Daddy (Mr. Frarrar) and Beautiful (Miss Dezse) for taking all of your nine children (of the same age) on the trip of our lifetime.

McNally Science Students Win - AGAIN!

The 34th annual Edmonton Regional Science Fair was held April 9th and 10th at M.E. LaZerte High School. Three hundred students in grades four through twelve, representing sixteen school districts, divisions and counties in the Edmonton regions took part. The following McNally students won a total of thirteen awards. Also, McNally was the only high school representative to be asked to attend the Canada-wide Science Fair in Guelph, Ontario (May 15-22). This event involved 409 students and projects from all across Canada.

Saul Warhaft -- Investigating the Organisms in the Saskatchewan River
Awards: Senior Life Science (First), Environment Canada Clean Air and Water Award (First), City of Edmonton Public Works "Water For Life" Award (First)

Tony Tang, Donald Ng -- The Permeability of Different Fabrics to Ultraviolet Radiation
Awards: Senior Physical Science (First), Youth Science Foundation Award

Hon Sing Leong, Edwin Jong -- Biological Control of Blackleg
Awards: Alberta Research Council Biotechnical Award (First), Life Science (Honorable Mention)

James Andrews -- Antibacterial Agents Versus Hamburger Disease
Awards: Alberta Research Council Biotechnical Award (First), Alberta Heritage Foundation for Medical Research Award of Excellence (Honorable Mention)

Peter Mawson, Brian Lee -- Lactose Hydrolysis
Awards: Senior Life Science Division (Second), Alex Taylor Memorial Senior Chemistry Award (Honorable Mention)

Winnie Lieu, Linda Tran -- The Effect of Surface Area on Duckweed Growth
Award: Science and Development Award - Youth Science Foundation

Emily Yong, Emily Wong -- The Survival of Chicken Embryos at Suboptimal Temperatures
Award: Life Science Award (Honorable Mention)

Also participating were Nicholas Chan, Sydney Tang, Zsolt Gabos, Sean Hauge, Tony Chung and Jason McLean.

The following students were invited to present their projects at the Canada-wide Science Fair. They are really "rocket scientists" of the future and our congratulations go out to them! Tony and Donald received Honourable Mention and a Manning Special Award for their project.

Brian Lee -- Brian's favorite area of science is Biology and his project involved work with the idea of lactose hydrolysis. However, he really wants to solve the Caramilk problem.

Peter Mawson -- Peter is perhaps best known for setting a fire during a chemistry lab. He hopes to enter medicine and finish up as a specialization in surgery. His project involved the problem of lactose intolerance.

Donald Ng -- Donald maintains that he has never done anything strange in a lab because he is too good! His project looked into fabrics and the effects UV radiation.

Tony Tang -- Our hopes for the future may lie with this young man as he hopes to solve the world energy crisis by developing efficient nuclear fusion reactors. His special interest is quantum physics but he once witnessed someone transfer a snail's brain into another snail - one wonders what mark that lab received!

Saul Warhaft -- Although genetics is his first interest, Saul won the Senior Life Science First Prize for his project on water in the Saskatchewan River. Because of this achievement, he was also awarded the Cheryl Gibson Award at McNally for outstanding achievement in the Edmonton community. However, perhaps he may be remembered only for microwaving a fellow student, that action may be the basis for next year's project!

McNally Drama Department

The McNally Drama program of 1993-94 boasted five classes (3 drama 10 classes and 1 class each of drama 20 and drama 30), all working to develop skills and knowledge in such areas as improvisation/ acting, movement, speech, play writing, directing/design, technical theatre and theatre studies. The Drama 10's highlighted their year with presentations at Forest Heights School. The 20's developed collective creations along thought-provoking themes. The 30's helped produce two student-directed one-act plays: *The Night I, Far Spent* by Cecil Davies, directed by Melanie Harmsma and *The Women of Troy* by David Grote, directed by Gwen Ireland.

A rewarding year in spite of the challenges of working in a new room. Well done one and all!

McNally Masque

Another banner year for McNally Masque (McNally's very own theater production company) . . . a year dedicated to Tennessee Williams. The fall saw the production of two Williams one acts: *This Property I*, Condemned and *27 Wagons Full of Cotton*. Great performances by Verynnia Neilson, Jon Teghtmeyer, Chantel Horon, Hay Heggerud and Daune Mills. The spring was blessed with *A Streetcar Named Desire*. A tremendous production featuring Marnie Alton, Chantel Horon, Mike Skoreyko, and Jay Heggerud. We did Williams and ourselves proud in 93/94.

"Streetcar" Leaves Little To Be Desired

I love the theatre and I was looking forward to seeing McNally's production of "Streetcar". Mr. Mills asked me if I would review it for the school newsletter. I said yes but with great trepidation. What if I don't like it? My students and colleagues all know that I have an annoying habit of telling the truth even if it hurts. However, if I don't want to hurt the feelings of an actor or a director, I always say: "Good show. There were some interesting moments." What was I supposed to do now? I decided that I would be totally objective, take a great deal of notes and tell it like it was. I entered the theatre, notebook and pen in hand and as soon as the house lights went down, I wrote on my notepad: "Like the jazz music: (I noted the sound technician as Jen Hayter). Then the show started. This fragile creature, both emotionally and physically, in the personage of "Blanche" (Marnie Alton) entered stage left. I put down my pad and pen and fell into Tennessee Williams' trap.

The next two hours (without intermission I might add) proceeded to impress me. I believed that these people lived in a hot and humid dump (thanks to a great set and set decorating by Mr. Mills). I believed that Stella truly loved and hated both Blanche and Stanley (thanks to a wonderful performance by Chantel Horon). Strong woman that I am, I could even empathise with Stanley's arrogance towards and attraction to Blanche (Merci to Mike Skoreyko... those muscles in the "STELLAAAAA" scene certainly helped on the believability quotient as did the lighting by Craig Middleton). I truly wanted to tell Harold (performed poignantly and wimpily by Jay Heggerud) that he deserved better that Blanche. I thank the supporting cast for making the whole miserable situation of these people so much more realistic (Sarah Elmeligi, Jason Hewitt, Jon Teghtmeyer, David Campbell, Karen Graumann and David Hutchinson). God please spare me the Karen Graumann arm lock if I someday lose my marbles.

A Drama professor at the University of Alberta that I had many years ago told me that the key to good theatre was believability. In that respect, I take my hat off to Marnie Alton and Chantel Horon. I would gladly share a stage with these two young ladies. Another fond memory that I have of this production is the costumes. The program does not name a costume designer but a little "oiseau" told me that it was the cast members themselves... an exercise in character research, Mr. Mills informed me.

At the Academy Awards the winning actors always thank "the little people"... a fancy name for the crew. I too would like to thank the crew for a vast number of efficient and unobtrusive set changes. Actors rarely tell you how much they appreciate your efforts but heaven forbid that a prop not be there when they need it. If they haven't thanked you enough, please let me add my thanks as one who has also "walked the boards". NO, Tara Campbell I have not forgotten you! As Stage Manager it is your job to see that the show runs smoothly and that you definitely did. Bravo!!!

I especially thank Mr. Mills for taking a play that has nuances that may be very difficult for high school students to grasp and showing us, their teachers, friends and family that it can be done. So what's on for next year? Will there be some "nice moments" for me on stage too?

A l'année prochaine,
Miss Swekla

The McNally Music Department

The McNally Music program is a very active and important part of the many excellent programs offered at out school. The 1993-94 Music Program featured a concert band, intermediate band, beginner band, choir, vocal jazz, two jazz bands and a percussion ensemble. The Music Department presents many concerts throughout the school year and is also involved in a variety of festivals and competitions. Following is a list of performances and activities that occurred during the 1993-94 school year.

- October — School concert
- October — Pep band at football games
- November — trip to Saskatoon to perform at the solo & ensemble festival
- November — Remembrance Day ceremony
- December — School concert
- December — Christmas carols for the Pancake Breakfast
- March — Big Band Ball
- March — School concert for the annual McNally Open House
- April — trip to Calgary for the Calgary Choir Festival
- May — trip to Banff for MusicFest Canada for the concert band and jazz bands
- May — Awards Night
- May — Graduation ceremony
- May — year end School Concert

United Nations Day at McNally

On Friday, June 3,1994 Grade 11 Students at McNally took on the task of representing a particular nation in the United Nations. They put their skills and research to good use as they debated issues in mock General Assemblies. After more than a month of research and preparation they put forward the position of the nation they represented and debated the issue. Four different assemblies met at the same time. Our students, some dressed in the traditional dress of their countries, proved to be able ambassadors and confounded their opponents with impressive argument. At noon all of the students gathered to feast on dishes representative of their countries. The quality of the debate and the tremendous contributions of all of the students involved resulted in a fantastic experience. Teachers were very impressed with the conduct of the students who participated. The whole atmosphere of the school changed as students in suits and dresses dominated the halls. Public libraries were filled with McNally students as they prepared for debate. Long after the formal debates were over, discussions continued in the hallways, on the buses, and at home. Grade 12's and Grade 10's lamented that they could not participate. Our complements to Ms. Dezse and the other Social Studies teachers for a wonderful day. We hope to expand this activity in the future.

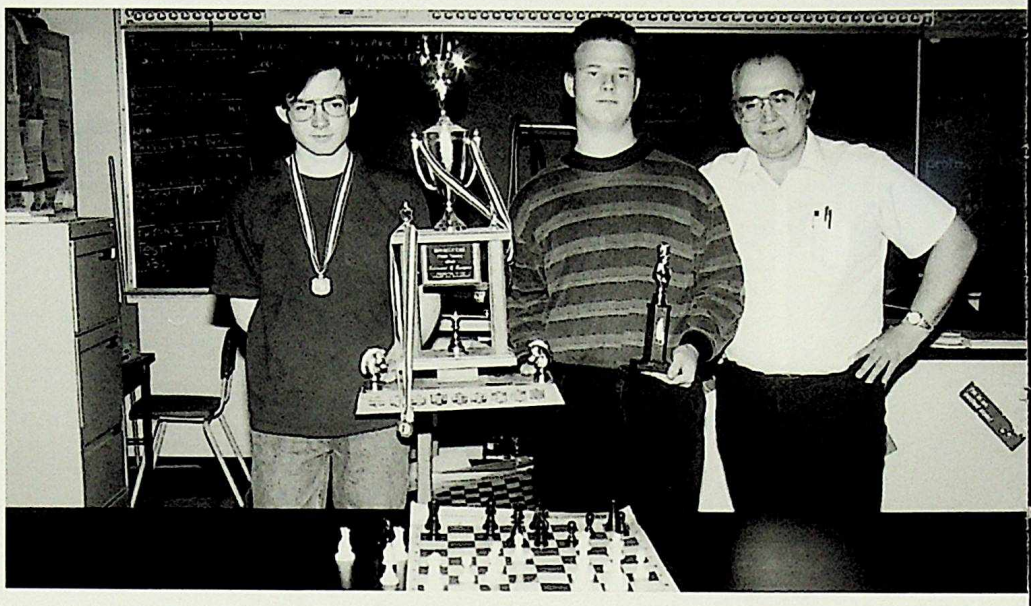
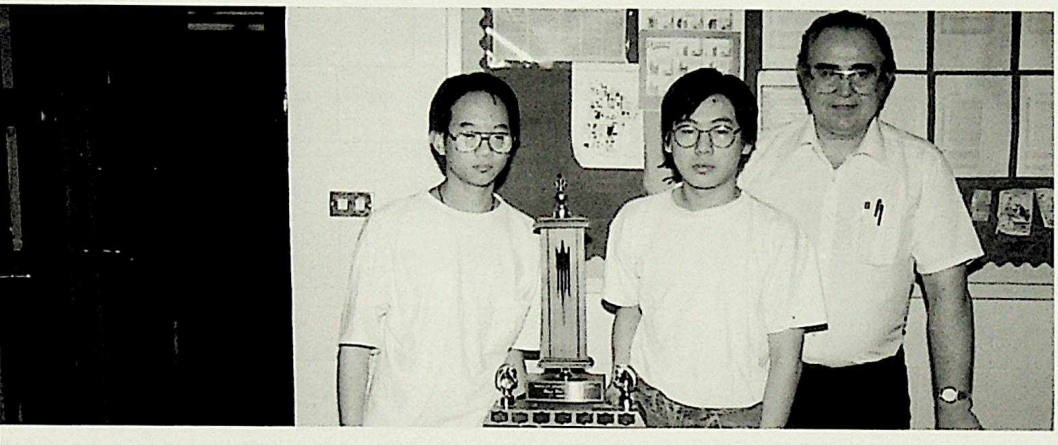
Making Moves . . .McNally Chess Club

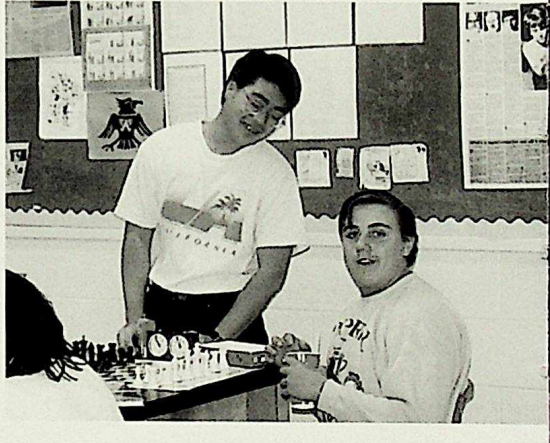
Each year hundreds of McNally students throng to room 104 during the lunch hour. What's the attraction, well its the McNally Chess Club. A long standing tradition established by Mr. Glasel. Students return every lunch hour to challenge their opponents and their brain power trying to see who will be the next grand master of chess at McNally.

The pictures on this page show some of the noon hour activities and this years winners of the McNally Chess and Chinese Checkers tournament.



Scott Crosswhite and Allan Gowan-Smith were this years winners of the McNally chess tournament.





Joseph Chan and Johnny Ng show off their trophy as winners of the Chinese Checkers tournament.

A couple of McNally students get ready for another game of chess.

Who is this mystery student? Is he hiding from the camera or trying to come up with his next move.

McNally Tiger Times

In September 1992, the McNally School newspaper "Tiger Times" was revitalized and brought into circulation. This year has been a very successful year for the newspaper club.

Jennifer Dorward, a very enthusiastic and motivating editor, and seven other reporters have managed to compile three issues so far this year. In addition to the articles which appear in the regular columns written by Heather Erker, Jen-Lee chung, Sue Shigemitsu, Khatidja Khalfan, Jon Teghtmeyer and Elaine Soon, the newspaper has been pleased to print articles by feature writers usch as Sarah Elmeligi and Steven Sohnle. The paper would not go to press without our lay-out editor or "article digitizer" as David Campbell prefers to be called. Finally, the circulation of the paper is enhanced by the hard work of the Public Relations Director, Christal Laycock.

In the fall, our reporters were on the road collecting information and writing about the various activities which took place to enhance the "school opening". These articles appeared in the premier issue for 1993-94.

Then the impact of Government policies on education came to the forefront. McNally's Student Issues reporter, Jennifer Jeske, was on assignment interviewing Doug Tupper, a School Board Trustee, for her informative article on Education cutbacks.

The third issue, a special Valentine's issue, saw the completion of the three part serial entitled "Jesse" written by Sue Shigemitsu.

The newspaper club provides a unique opportunity for the students involved in the production of the newspaper to integrate their scholastic skills in the practical application of journalism. It also serves as a voice for the student body of the entire school.

From the enthussiaasm and dedication exhibited by the 1993/94 staff, we are very proud of the effort and achievement of the members of the Tiger Times Newspaper Club!

Karen Douziech is the staff sponsor.

McNally Open House

Each year McNally opens it doors to the public during its spring Open House. Many junior high students and their parents come to see what a high school is all about. And during thier visit these parents and students always experinece "Nothing But the Best".

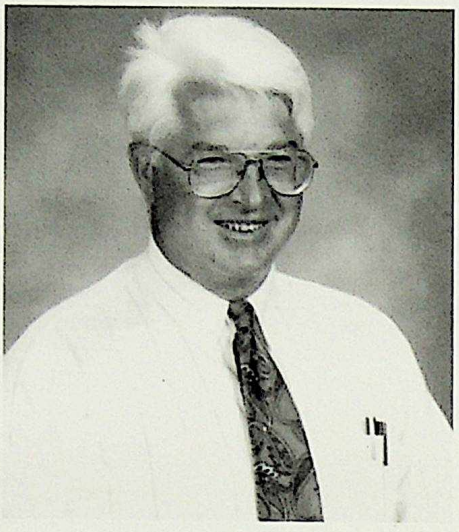
Principal's Message



Mr. G. Rice
Principal

"Tiger Bytes" is the theme of this year's Year Book. What is a "byte"? According to Mr. Silverman - it takes 8 bits to make a byte - or character on the computer screen. Characters (or bytes) put together present a picture or message that communicates information. Now, that's team work!

Team work is what makes McNally great. Our many athletic achievements this year were highlighted by the junior football team becoming the City Champions (with Jason McLean named as League MVP!).

Academic success is achieved by team work too. Committed, hard-working students, taught and guided by an equally committed and hard-working staff have made McNally one of the top academic schools in the city. Our students won 13 regional awards in the Edmonton Regional Science Fair and swept all 3 groups selected to go to the National Science Fair representing the greater Edmonton region.

Science teacher, Susan Nisbet, received a Prime Minister's award for Teaching Excellence in Science. Music teacher, Joedy Missal, was a provincial finalist for the Excellence in Teaching Award. One of our fine students, Corinne Kessel, received a $5000.00 Max Wyman Memorial Entrance Scholarship to the University of Alberta. This award recognizes academic performance, exceptional leadership, service and community involvement - in other words "a team spirit!"

Our Student Council and school mascot Roary McTiger have instilled real "tiger pride" in all of us this year and helped to make it a year to remember.

May the pictures (and words) of this year book bring memories back to each of us for years to come.

The McNally Senior Football Team - 1993
by John Politopoulos

On August 16th, football camp started and the atmosphere in the locker room was one of unsurity, but also of great hope. I recognized most of the faces in the locker room from the previous year, but some were still unfamiliar to me. It felt really weird putting on equipment again, I guess it might've just been nerves. The next few weeks was a blast. I learned all the names of the people I didn't know and became good friends with them. The trip to Jasper was the best team building experience that I've ever been involved in. The most exciting moment for me was not only finding out I made the team, but finding out that I had a starting position on the offensive line. The season after that point seemed to go by so fast. October was the hardest month of football that I've ever played. To me, the high points of the season came when we beat Jasper Place in the homecoming game and then finishing first at the end of the regular season. The lowest points of the season came when we lost the semi-final to Jasper Place and also losing to Harry Ainlay. During the season I made so many friends and gathered so many memories that I considered the team my second family. I'll never forget these guys and these memories.

Junior Football

The McNally Junior Tiger Football team enjoyed much success and enjoyment in 1993. The Tigers sufferred one loss on their way to the city championship game. After crushing their opponents, the Jasper Place Rebels and the M.E. Lazerte Voyagers in the playoffs, the Tigers battled with the Victoria Redmen to decide the championship. The Tigers struggled in the first half managing to stay tied 0-0. The second half of the game depicted our whole season. We regrouped and as a unit were unstoppable. The team defeated Vic. 9-0 to capture the city championship. Our fourth championship in 7 years.

Peter Stetsko says this about being a Tiger. "The football season was the greatest experience of my life, I learned the beauty of football and found friendship in a new school. I've learned the aspects of being a champion and have matured as an individual. Thanks to all my teammates and coaches."

Jason McLean states: "The coaches educated and provided enjoyment for us. Without them the goals would not have been attainable. Thanks to the parents association for providing us with an enjoyable trip to Red Deer."

Shawn Judge comments that: "Football gave me a great outlook on life. It taught me to respect other individuals and to discipline myself. I'm very proud to be a Tiger."

Allister Ewing writes: "Football was fun and competitive. Winning the city championship was the pinnacle of our incredible season. I'm very proud of all my teammates and coaches."

Senior Boys Volleyball

The 1993-1994 volleyball season saw the Tigers move toward building a powerhouse program. The blend of veterans and rookies developed into a highly competitive team. With only two grade twelves, Mark Overland and Jimmy Tsang, and one grade eleven, Kevin Deol, the roster boasted seven grade tens, Mike McGill, Rob Dober, Anil Maharaj, Tyson Wiley, Will Wolodko, Danny Leung and Paul Macyk.

The whole province should have to take notice of this group in the next two seasons because Tiger Pride is expanding into Mens Volleyball domination.

JUNIOR BOYS VOLLEYBALL

The Junior Boys Volleyball team with their young team and rookie coaching staff was expected to finish next to last place but instead shocked everyone, even themselves. They finished the season in ninth place with a 6-6 record entering the play offs as underdogs. The team struggled past higher ranked teams to make it to the city conference finals where they lost a hard fought match to J. Percy Page.

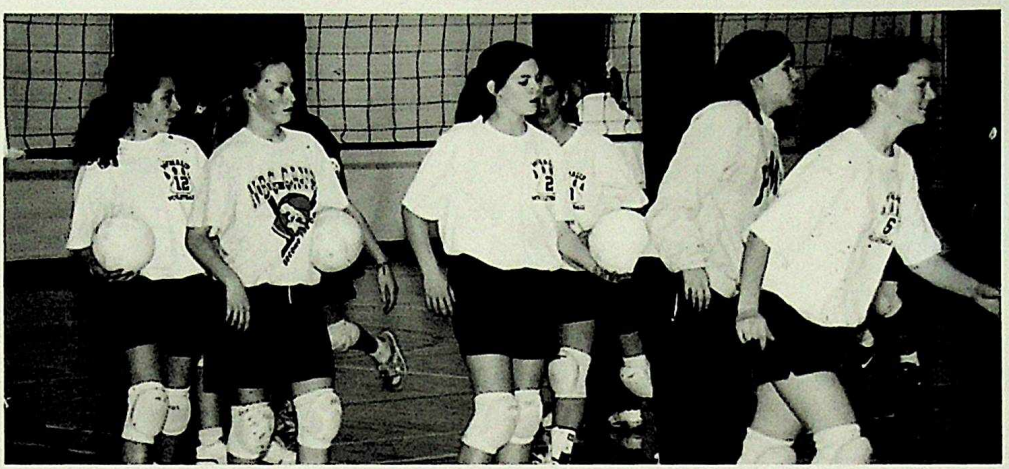
Junior Girls Volleyball



The Junior Girls Volleyball team had a very exciting season this year making it to the premier semi-finals. They had the opportunity to compete in three tournaments with teams from all over Alberta.

The first tournament at Salisbury the girls captured third place after a close semi-final with O'Leary. At the Spruce Grove tournament, the girls defeated Holy Trinity for bronze medal. In the final tournament at Lindsay Thurber in Red Deer. The girls had a great time "Team Bonding." Against the team placed third after a hard fought semi-final with Spruce Grove. Congratulations to the team on placing in the top three at all the tournaments and overall! Well done!!!

Senior Girls Volleyball

The Senior Girls volleyball team completed an explosive season finishing second in E.P.S.B. league. They advanced to city finals against Strathcona and won the silver medal. The girls attended three tournaments. They won the gold medal at the Lindsay Thurber C.H.S. in Red Deer, beating Grande Prairie three straight games. A great year girls, despite all the injuries!

Senior Boys Basketball

The Senior boys Basketball team, on a rebuilding mission managed to overcome the odds and finish as a semi-finalist in the Edmonton Premier Conference. Their overall season record including tournaments was a respectable 18-10. Youthful energy (9 grade 11's) coupled with experienced venterans (5 grade 12's) made for a successful season. Bob Morris finished his 18th season as coach and intends to enter his team in a tournament in Hawaii in December 94. Good luck Tigers!!

Senior Girls Basketball

The 1993-94 Senior girls basketball season began with what promised to be a strong team. The combination of veteran grade 12's and rookie grade ten's and elevens created a balance of experience, desire and energy.

Despite team injuries the season opened with a narrow loss to Harry Ainlay. The twelve point spread proved the closest contest for the Titans all year. We were a team to be reckoned with. The team worked hard throughout the regular season , gaining skills and confidence for the playoffs. A well deserved "about time" victory over M.E. Lazerte in the playoffs was a definate plus. Losing again to Harry Ainlay in the semi finals, we ended our season in third place in the City Premiere Division.

Our tournament play proved equally successful with a third place finish in the SAIT tournament, first place in the Sturgeon tournament, fourth place in the Redman tournament, and "Bison Pride B-division in the Ardrossan tournament. During tournament play individual team members were recognized with various awards including most valuable player, team all star, and tournament all star.

Many of our team members will graduate this year, and go on to play on university and college teams. None, however, will forget the camaraderie, memories, and successes on and off the court, of the 1994 basketball season.

A special thank you to our coaches Mrs. Maloney-Savage, and Cathy Van Engen, our managers and supporters, for guiding us through another successful year.

Bollers heads to Iowa

One step at a time, a football tucked under his arm and opponents grasping in his wake, Trevor Bollers' dream door would open.

Perhaps to a Canadian university. Or maybe a small U.S. college. When you dream one yard at a time, you head for the daylight and get particular when you can't hear the footsteps anymore.

So Bollers, a fullback with the McNally Tigers of the Edmonton Public League, kept on running. And then the door opened, the Iowa Hawkeyes were waiting on the other side.

Bollers, 19, has accepted a five year scholarship at Iowa, the first Canadian recruit in the history of the Big-10 Hawkeyes.

"I've really been blown away by it all." said Bollers, a grade 12 student at McNally. "I just wanted to come in and have a good season, try and win a championship and see what happened from there.

I thought maybe I'd get a chance at a Division 3 or a Division 2 school, maybe get a partial scholarship if everything worked out. I never thought about Division 1. I didn't think I'd have that chance.

But after running for 1,336 yards in eight games, or about 167 yards per game, and earning Public League most valuable player honors, the six-foot, 220-pound fullback had plenty of options.

"My coaches told me this could be a big year," he said. "My yardage kept growing and people started talking. At first I was just hoping, but I started to feel like something good was going to happen.

Syracuse, Michigan State and the Hawkeyes came calling, but after a visit to Iowa Dec. 17 where he received the scholarship offer, worth about 100,000. Bollers knew where he was going.

"Michigan State and Syracuse called me first," Bollers said. "Iowa offered me a visit and that's when reality hit. The way it works when they bring you down and decide they want you is to make an offer before you go.

"They told me the last day the coach wanted to see me... I had a feeling it was going to happen."

Bollers, a native to Georgetown, Guyana who came to Edmonton 14 years ago, put himself in the spotlight in 1993 after a so-so 1992 season at McNally, where he'd transferred from Holy Trinity.

Widespread interest came after Bollers attended an October evaluation camp held by scout Ron Dias in Edmonton. Dias, invited by McNally coach

Ron McIntyre, knew he was on to something right away.

"He tested very well," Dias said. "He's got a 4.5 speed, a 30-inch vertical (leap). He's an athlete. We knew Trevor could play, and he responded very well. He's also academically recruitable."

Dias, who holds evaluation camps for universities across Canada and it's well-connected throughout U.S. college ranks, passed on what he saw to Syracuse, Michigan State and Iowa.

"A lot of people don't realize how good the high school football in Canada is," Dias said. "His skills, his academics and the fact he's a great kid makes him an attractive prospect.

"What a Canadian who isn't as heavily recruited as the same prospect in the U.S. has to do is get the exposure. With exposure, you'll see more and more kids getting the chance Trevor has."

Bollers will enrol in marketing at Iowa and redshirt - attend school and practise but not play - with the Hawkeyes in 1994 before competing for a spot on the roster in 1995.

"This opens so many doors," Bollers said. "I owe my coaches at McNally a lot ... maybe I'll get a chance to go to the NFL. Maybe I can come back some day and be an Edmonton Eskimo.

"I'm going to keep running and see what happens."

This article, dated January 8, 1994, has been reprinted with the kind permission of the Edmonton Journal.

Senior Girls Soccer

The Senior Girls' Soccer team had a fairly successful season this year. With 13 new faces in the lineup, they achieved a 6-2-1 record in regular season play, good enough for second place. On June 2, 1994, the team defeated Spruce Grove 3-1 at McNally in the Semi-Finals. Once again they met Harry Ainlay in the Finals and played an outstanding game. The team came up short in a 3-2 loss, winning the Silver Medal in City Championships played at Henry Singer Sports Grounds.

Two members of the team, Jas Rault and Suzanne Fuller were selected to play on the N.A.I.T. All-Star team. They led this team to a 1-0 victory over the North in the All-Star game played Thursday, June 9th.

The team would like to thank their many fans that attended our games, as well as saying thank-you to our Managers, Maureen Matthews and Tamiko Nishamura.

We would also like to thank the Fuller family for their hospitality at our "Bonding Ball" weekend.

Special gratitude also goes out to Cathy Van Ingen and Mr. Cattell for the time spent coaching.

We look forward to next year, when we can take another shot at the City Championships.

Senior Boys Soccer

The McNally Senior Boys Soccer team was in a transition year. This past season was a rebuilding year and all the team members had a lot of fun and were very enthusiastic. Unfortunately the team finished at the bottom of the league, but look out for next year.

Front row: Mike Gotsaliouk, Emilio Gagilardi, Jeff Manchuk, Trefton Bollers, Ian Diaz

Senior Girls Rugby

The McNally Senior Girls Rugby team was also in a transition year. Like the Sr. Boys Soccer team, the girls also finished at the bottom of the league. Besides playing the regular season, the girls attended two tournaments, one in Lashburn, Saskatchewan, and the second at Bev Facey High School, in Sherwood Park.

Junior Boys Rugby

The Junior Tigers had a good season of learning, coming up a bit short in the city semi finals 7 - 0 to the eventual city champions Harry Ainlay. (This was the closest anyone came to Harry Ainlay). The lads learned a great deal about rugby and themselves and look forward to getting back at it next year when anything short of a city championship will be disappointing!

Senior Tiger Rugby

Eighteen of twenty-five players were grade 11 athletes on this year's edition of the Senior Rugby team. Although a very young and inexperienced team, the boys came together early and it provided some outstanding and exciting rugby. The team hosted a school-boys touring team from Wales and defeated them during an exhibition game. (Note: this was the only time the team from Wales lost a game while touring Canada). The team participated in two tournaments, Calgary and Lashburn, Saskatchewan. Our regular season saw the team finish first with a 7 - 0 record, scoring the most points in the league on offence and the least scored upon on defence. A convincing semi-final win over Jasper Place High School, put the team into the City Final. The boys played an exciting game against Harry Ainlay, but were upset 17 - 15. A good season but also a season of learning as most of the boys will be back next year looking for that championship ring.

Swim Team

The McNally Swim Team competed in meets from September to January, seeking their personal best times in events such as 50M and 100M Back Stroke, 50M and 100M Free Style, 50M and 100M Breast Stroke and various relay races. The time and effort in practises and meets paid off at City Finals on January 10 at the Kinsmen Aquatic Centre. McNally placed 5th in the small squads. Celine Gartner placed 4 in 50M Back Stroke and 2nd in the 100M Free Style. Stefan Reinholdson placed 1st in the 50M Free Style and 50M Breast Stroke. We were a small team but certainly represented McNally's Tiger Pride.

Unforgettable Graduation '94

Valedictory Address

Good evening ladies and gentlemen, family and friends, honoured guests and fellow graduands. This is my friend and co-valedictorian Beryl Koshy. Good evening everyone this is my friend and co-valedictorian Muz Chaudhary. We are delighted and honoured to have been given the privilege of presenting this year's valedictory address and to speak on behalf of McNally's Unforgettable graduating class of 1994.

This evening's ceremony marks the first step we make into our next stage in life; a future full of exciting choices, and opportunity. The future is also unknown, but we face the uncertainty with eager anticipation. We have been preparing for this moment all our lives and our past experiences will enable us to face our fears head on. Starting a new school, moving to a new city, or having close friends leave, have all been traumatic experiences but we have prevailed in the past and will do so again with the help of the constant source of love and support we receive from our families, teachers and friends.

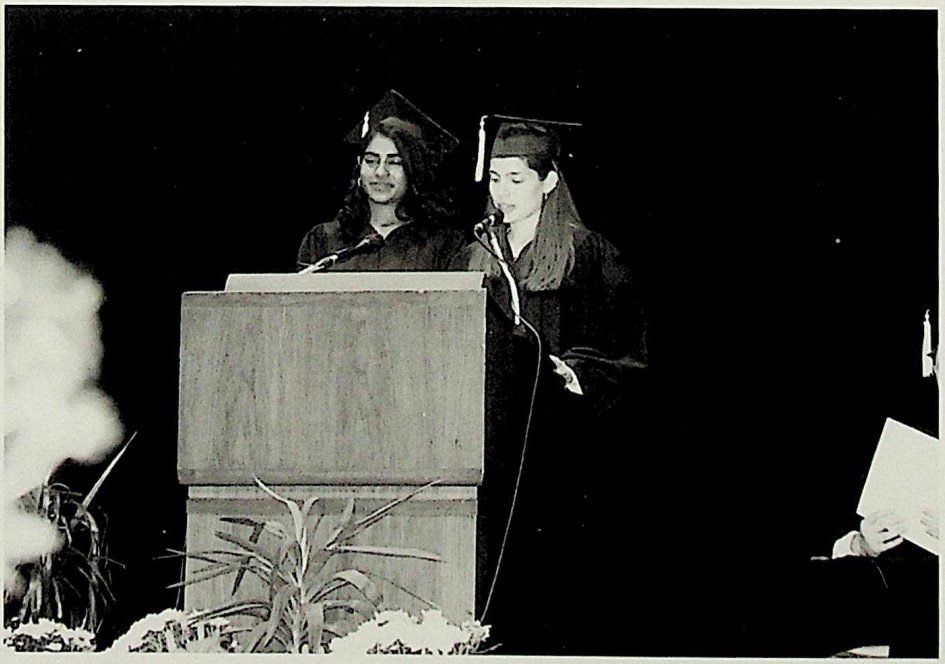
Our parents and grandparents, and yes I even suppose, our brothers and sisters, all deserve special recognition. Through their constant concern, teasing, and even at times tormenting as well as their love and understanding, they have shaped us into the outstanding and unique characters we are today. They've helped us to better ourselves, introduced us to new experiences and ways of life and at the same time given us enough space and freedom to grow and define ourselves. In the past they have guided us through times of trouble and in the future they will continue to stand behind us and love us unconditionally no matter what choices we make.

We must also look ahead to the future not only because of the wondrous people who have raised us but because of the knowledge and confidence teachers and coaches have instilled in us over the past three years. Although at times all the assignments we were given and the stress we were under seemed to be more for their pleasure than for ours, they were only trying to make us more responsible and mature. They have enhanced our lives with what some may consider "valuable" knowledge such as the number of freckles on the left rear flank of Napoleon's horse during the Battle of Waterloo. Or did you know that it was not until Sir Isaac Newton began beating up his fellow classmates that his scientific genius "kicked in". But seriously, we owe all the teachers a special thanks for having taught us to be team players and to strive for success and also for having been not only our mentors but also our friends.

Another source of support for all of us these past 12 years has been the undying commitment from our friends. Not only have they been behind us in our endeavours but they have been beside us all the way. Albert Einstein once said: "If I can see far it is because I stand on the shoulders of giants". All of our friends have the hearts of giants (even though some of them are vertically challenged) and have been a great source of moral support. Our friends have enhanced everything in our lives: they've made our triumphs more victorious, our defeats more bearable and our whole lives more enjoyable. Even though the journey together for many of us is coming to an end, we will always remember the love, support, tears and laughter they have shared with us.

Even though we are truly grateful to our friends, family and teachers, the most important component which brought us here today is ourselves. It was our tremendous effort, energy and perseverance for the past 12 years which lead us to this "Unforgettable" moment in time. We believe if you look to the future with the same determination and dedication as you did here at McNally, you will be sure to find success. In other words, the secret to success has been the confidence and courage which was necessary to take that first step into the unknown. By believing in ourselves, we have been able to complete this particular journey in life.

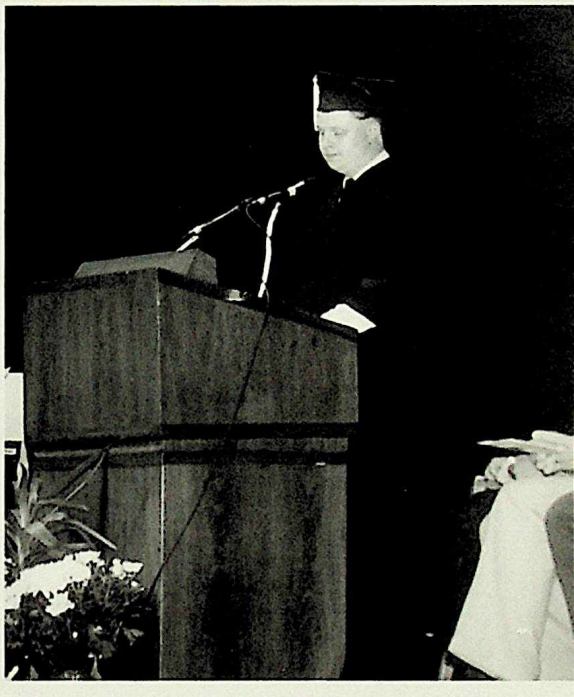
All of our past experiences, especially the past three years at McNally have made the future that much brighter. We can now enjoy a whole new world of freedom and independence where each one of us ultimately controls our own fate. Always remember to learn from the past, enjoy each moment as it comes, and look to the future with enthusiasm and confidence. Never forget that you are capable of and deserve "Nothing But the Best".



Beryl Koshy & Muz Chaudhary

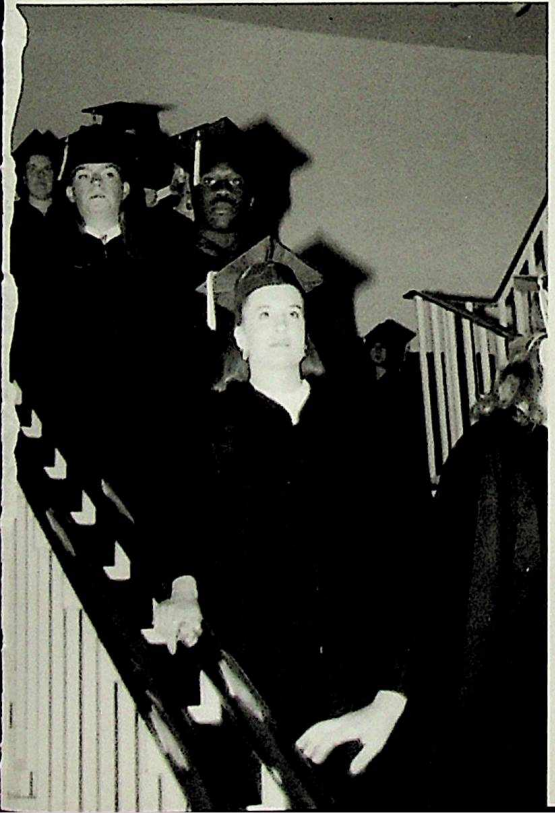
Where are the A's and where are the K's. Confussion reins supreme as students prepare for the processional.

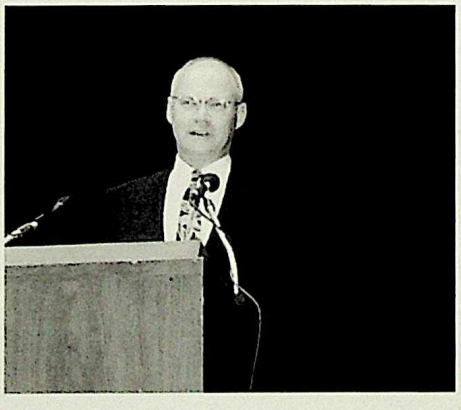
James Harrison, Colin Lynch, Marnie Alton, Jennifer Bodie, and Corinne Kessel sing the Grad Song "Memories in the Sun".



Chris Neuman welcome students, family, friends, and guests.

Guest speaker Mr. D. Oberholtzer.





An important moments as Vicky Bobryk, Trefton Bollers, and Curtis Bostrom descend the stairs for the Processional.

Grad '94 Memories

The Painter's Masterpiece

It begins as an image
in the mind of a painter.
A scene too beautiful for words,
a scene meant only for a canvas.

With eagerness he takes his brush
and simply lets his hand lead the way.
With each stroke
this breathtaking scene becomes appatent.

And slowly but surely
a once confused image
takes the form of an immaculate, colorful
masterpiece.

You and I are the painter
and our high school years the painting.
When we first came here, we were dazed
and overwhelmed
and now we finish as confident graduates.

Soon each of us will go our own way
and meet new people and adventures
but we will never forget
the friends we made here
and the challenges we overcame.

Success and victory are ours
for the taking.
And like the painter
we now add the final touches to our masterpiece,
put the brushed down
and move on
to the next canvas . . . the next image.

Grad Banquet '94

Grad Song

Verse 1
Forget about the days,
When it's been cloudy and grey
But don't forget precious hours
Spent with your face
Turned to the light
Of the sun.

Chorus
Memories of our past
Bring solace to our wandering souls
Hold on to the dreams
From the life you have known

Verse 2
Forget about the days,
When you've felt lonely and scared
But don't forget friendly smiles
Which dry the tears
Clasp to your heart
And lead you through

Verse 3
As one we are strengthened,
By yesterday's rain
To walk straight in tommorrow's winds
Remembering moments of life in today's sun.

The Yearbook Staff would like to thank all of the people who wrote articles, took pictures, or helped to identify all of those unknown faces in the candid pictures. To Mrs. Douziech for enlisting her creative writing class to write captions for some of the pictures in the activities section of the book. To all the coaches and their players who contributed the write ups and the captions for all of the sports section. To all of the grade 12 students who helped type the grad memories and the grad section in the yearbook, with special mention to Mansura Alidina, Vicky Bobryk, Nicole McLeod, Shelly George, and Dena Tymchuk. To Mr. Mar for getting those great photos for us and to Mr. Phan for developing all the photos. To Mrs. Maloney-Savage for writing about the many student union pages. To Ms. Dezse for the information about the UN debate and Mr. Farrar and Sue Fuller for the New York trip. To Mrs. Hughes for keeping our accounts straight. To Mr. D. Miller for the material borrowed from the school newsletter. To Mr. Warhaft for his yearbook advice and helping with the colour section layouts. To anybody who we have neglected to mention for their help. And last but not least a big Thank You to the members of the Desktop Publishing Class Stacey Cummins, Heather Yakimishyn, Shelly George, Dwayne Rentz, Juliana Galusha, Charles Priestley, and Bill Skogg. The Yearbook would not have been possible without all of your help, once again a big **THANK YOU!!!**
